Teaching English for 2-4 weeks

People to People International Language Ambassador offers you the possibility to teach conversational English in one of PTPI chapters (see list on the Web site) for two to four weeks. To become a conversational teacher by PTPI you need to be either English native speaker or non native speaker with a good command of English. You would be teaching English part-time (up to 20 hours per week) to chapter members of all ages who will already have a basic command of the English language. Teaching experience is appreciated but not required.

When participating, the host chapter will:

- Provide you with accommodation (own apartment or similar)
- Actively introduce you to the local PTPI members and friends.
- Supply “pocket money” for eating expenses
- Supply with information about the chapter, the city and its area, and the target group you will be teaching.

In addition, PTPI European Office will give you a kit containing a manual with practical exercises to teach conversational language classes.

Get a cultural experience

We encourage you to take part in this program, since it would be a great opportunity for you to get involved in the lives of people from a different country, to meet new friends, and to practise a foreign language! If you are planning to become a teacher it will provide you with a valuable work experience as well.

As a participant you will:

- Need to be an English native speakers or non-native with an excellent command of English; teaching experience is appreciated but not required
- Lead English conversational language classes for a period of two-four weeks, approximately 20 hours per week; the option to teach additional languages is also available
- Will receive from PTPI European Office a kit containing a manual and practical exercises for teaching English
- Be responsible for travel costs to a chapter
- Organise your travel insurance
- Organise visa, work permit and vaccinations if necessary

Applications are accepted year-round.
